

SWANCORE INDIA

Terms of Use

Effective Date: January 5, 2026 | Last Updated: January 5, 2026

Please read these terms carefully before using our services.

The English version of these Terms is the definitive version. Where any translated version conflicts with this English text, the English version shall prevail in all respects. By accessing or using the Swancore India platform or any associated services, you confirm that you have read, understood, and agree to be bound by these Terms in their entirety.

■ IMPORTANT RISK WARNING

Please be aware: The value of Crypto Assets can rise and fall significantly and without warning. There is a real and material risk of financial loss when you trade or hold Crypto Assets. You should carefully consider whether engaging with Crypto Assets is appropriate given your personal financial situation, investment objectives, and risk tolerance.

For a comprehensive outline of the risks associated with our Services, please consult our Risk Warning document, which is updated periodically. While the Risk Warning covers many important risk factors, it may not encompass every possible risk or how those risks apply to your personal circumstances. *It is your responsibility to ensure that you fully understand all risks before using our Services.*

We do not offer investment, financial, or advisory services of any kind. Nothing communicated to you — whether through our platform, chat service, email, or any other channel — constitutes investment advice, financial guidance, or a recommendation to buy, sell, or hold any Crypto Asset. All investment decisions you make are entirely your own responsibility.

PART C — USING YOUR ACCOUNT

11. Instructions

11.1 Giving Instructions. You are responsible for ensuring that all instructions you submit are complete, accurate, and authorised. We are not obliged to verify the accuracy of instructions, and once submitted, instructions are generally irrevocable without our written consent. Our records of all instructions are conclusive and binding.

11.2 Acting on Instructions. By submitting an instruction, you authorise us to initiate the relevant transaction on your behalf. If your account has insufficient funds to complete a transaction (including associated fees), we reserve the right to decline that transaction.

11.3 Security of Instructions. Instructions transmitted via the internet may be subject to risks inherent to electronic communications, including the possibility of unauthorised interception. By using our platform, you accept these associated risks.

12. Transactions

12.1 Executing Transactions. You may transact Crypto Assets through our platform as permitted by applicable Product Terms. We do not guarantee that any transaction will be completed within a specific timeframe.

12.2 Unauthorised Transactions. You bear responsibility for all activity on your Swancore Account. Please monitor your Account History regularly and notify us immediately of any suspicious or unauthorised activity.

12.3 Transaction Records. We may retain transaction records for the lifetime of your account and beyond, in accordance with applicable law. See our Privacy Notice for full details.

12.4 Deposits. You may deposit Indian Rupees (INR) via domestic bank transfers, or deposit Crypto Assets to addresses specified by us. Transfers from foreign banks or unsupported channels are not accepted. Deposits are considered received only once we have confirmed and accepted the funds. You are solely responsible for ensuring you deposit to the correct address. We are not liable for funds sent to incorrect addresses.

12.5 Withdrawals and Transfers. Withdrawals of fiat or Crypto Assets will be processed in accordance with your instructions and our prescribed methods. You are responsible for the accuracy of all withdrawal destination details. We are not liable for losses arising from incorrect destination information provided by you.

13.1 Group Structure. Swancore India is part of a broader group of companies involved in Crypto Asset activities.

Market makers may hold positions in Crypto Assets that are contrary to yours. This activity will not be conducted with the intention of harming your interests.

13.3 Multiple Capacities. We may act in more than one capacity and receive fees from multiple parties in connection with the Services.

14.2 Requesting Changes. You may request an adjustment to your transaction limits. Any such request will be considered at our discretion and may be subject to additional conditions.

15. Supported Crypto Assets

15.1 Availability. Our Services are only available in relation to Crypto Assets that are currently listed as Supported Crypto Assets on our Website. This list may change from time to time, and we may remove assets with advance notice. If a Crypto Asset is removed and remains in your account beyond the specified period, we may convert it to another asset at our reasonable discretion, with prior notification to you.

15.2 Forks. We may temporarily suspend Services relating to a Crypto Asset during a Fork while we assess whether to support it. We are under no obligation to support any Fork, but will make a public announcement if we choose to do so. We are not responsible for any value lost in connection with a Fork.

15.3 Airdrops. We make no guarantees regarding our participation in Airdrops. If you wish to receive an Airdrop, we recommend withdrawing the relevant Crypto Asset to your own private wallet well in advance of the event.

16. Crypto Asset Transfers

There is no charge for closing your account, although any outstanding amounts owed to us must be settled first. We may cancel or suspend pending transactions at the time of closure.

Please note: You may be unable to close your account if there is an active investigation, an open dispute, an outstanding balance, or if your account is subject to a freeze or restriction.

20.2 Dormant Accounts. If your account is closed and you do not withdraw your Crypto Assets, or if you have not accessed your account for a continuous period of 90 days, we will notify you of our intention to mark your account as dormant.

If you do not respond to our notice within 30 days, we may mark the account as dormant, convert Crypto Assets to another form, transfer assets to a third-party custodian, charge a monthly maintenance fee, or ultimately close the account. Once closed, a dormant account cannot be reactivated.

21. Suspension, Restriction, and Termination by Us

22. Account Closure Procedures

Upon termination of Services, you must promptly reduce your account balance to zero in the manner we specify. Where a balance remains and we deem it necessary, we may convert Crypto Assets to INR at the prevailing market rate and return proceeds to your registered bank account, less applicable fees. We are not liable for losses arising from such actions taken in good faith.
