

Prohibited Use Policy

Last updated: 5 January 2026

A. Interpretation of this Policy All terms used in this Prohibited Use Policy that are defined in the SwanCore Terms of Use ("Terms") shall carry the same meanings as outlined in those Terms. This Policy applies to all users of SwanCore services and should be read together with any other applicable agreements, conditions, or contractual arrangements between you and SwanCore. Your SwanCore Account must be used responsibly and in a manner that respects applicable laws, public interests, ethical standards, and the rights of others. Any activity that disrupts, harms, or negatively impacts the SwanCore platform or its users is strictly prohibited. B. Responsible Use of Services Users are expected to engage with SwanCore Services in a fair, lawful, and respectful manner. Activities that degrade system performance, disrupt platform operations, or negatively impact other users' experience are not permitted. This includes spam, fraud, phishing, malware, market manipulation, misleading information, multi-account abuse, or deception.

C. Financial Integrity and Compliance SwanCore maintains a strict commitment to financial integrity and regulatory compliance. Prohibited activities include fraudulent transactions, illegal trading, money laundering, exploitation of system vulnerabilities, and manipulative strategies. D. Identity and Representation Users must act in their own capacity and provide accurate information. Impersonation, misrepresentation, unauthorized account access, and unapproved third-party transactions are prohibited. E. Restricted Jurisdictions and Individuals Use of SwanCore services in violation of sanctions or regulations is strictly forbidden. F. Protection of Public Interest Users must not spread misinformation or manipulate markets or communities.

G. Ethical and Moral Standards The platform must not be used for illegal, inappropriate, or exploitative content. H. Zero Tolerance for Hate and Abuse Hate speech, discrimination, harassment, or violence is strictly prohibited. I. Platform Security and Integrity Users must not use bots, hack systems, exploit vulnerabilities, reverse-engineer, or introduce malicious code. Enforcement and Actions Violations may result in suspension, termination, legal action, or reporting. Reporting Violations Report issues to: legal@swancore
